Programs

SPRINGBOARD - Grade 3 students – The focus of this program is on reading and math online programs coupled with small group learning to advance current skills. This program focuses on students progressing to on grade level or above grade level skills for reading and math. Students will work on their independent learning level with the online programs and on grade level or above items in small group. Field trip opportunities.

MATH-TASTIC - Grade 6 students – The focus of this program is on developing math skills. This program focuses on students progressing to on grade level or above grade level math skills. Students will work on their independent learning level with the online programs and on grade level or above items in small group. Field trip opportunities included with this program.

Students will receive instruction from certified teachers, Bradley students, district aides and community volunteers.

Registration

We will have online registration for these programs but schools can also collect paper registrations. Please date and time the form when returned.
